## About Manvaasam

On 14th February 2020, MANVAASAM was started by a group of Farmers, Students and working professionals as an organization, which is involved in Social, Environmental, Training and Technical Activities.

## Our Areas

*Environmental  
Activities*

*Social  
Activities*

*Training  
Activities*

*Technical  
Activities*

### Environmental Activities

To plant 1 lakh trees in all districts of Tamilnadu. Constructing small Lakes, Ponds to save nature, plant nurseries and to save the environment.

Our Services in this area:-

1. Project Groot
2. Rainwater Harvesting
3. Paper bag Initiative
4. Project Jack Sparrow
5. Gardening Setups
6. Birthday Plants
7. Plantation drives - Manvaasam Treebank

### Project Groot

The conversion of normal land into agricultural land is known as Project Groot. we converted 3 acre normal land into agricultural land by planting red wood , teak wood and other plants in the Kothur Village at Thirupattur district

### Rainwater Harvesting

We install complete rainwater harvesting setup at homes and buildings and promote water saving

## Paper bag Initiative

To avoid the use of one time use plastic bags , we replace with newspaper bags & cloth bag to avoid one time use plastic bags

Good things about paper bags :-

- 1.Hold upto 5 kgs
- 2.Completely degradable
- 3.Seeds will be hidden in the bag ,once you throw the bag outside it will germinate into plants

## Project Jack Sparrow

To feed water and food to birds during summer , we started this project, Jack sparrow. A water feeding setup will be created using plastic water bottles

## Gardening Setups

We create home gardening and terrace gardening based on customer requirements, we also sell

- 1.grow bags
- 2.Cocopeat
- 3.Organic fertilizers & Vermicompost
- 4.Seeds and Organic fruits
- 5.Egg incubators
- 6.Seed balls
- 7.various types of plants

We are also involved in setting up parks and landscaping at building and schools.One of our big projects include setting up a park at Thiruvallur Combined court.

## Birthday Plants

We celebrate your birthday by planting the plant slaping .to applyfor Birthday plants ,please visit our webpage and fill the form byclicking birthday plants

Note:- Planted plants image will be shared via email along with location, if you wish to donate , you can also donate from our website

## Plantation drives – Manvaasam Treebank

One of our ultimate goals is to plant 1K trees , so to achieve this we started treebanks in various schools and colleges. Anyone can collect the plant saplings from manvaasam treebank by paying Rs.5/Plant at their schools and colleges.We created a mobile application to track the plant

## Social Activities

The motto of MANVAASAM is to create infrastructure in agriculture and uplift the farmers' lives by providing a monthly salary. Creating awareness among students via online & offline activities

Our Services in this area:-

- 1.Agri app
- 2.Selling Agricultural Based Products(Flipkart,instagram,webpage)
- 3.Hiring Farmers,Public Events.
- 4.Manvaasam courier services

## Agri App

Agri enables Users or Farmers to buy or sell the products based on the daily price rate of the product which is continuously updated by our team. Through this app, users can view the available products, get to know the current selling price of the product and buy or sell them based on how many kilos they want. Once the order is placed by the user, our delivery team will dispatch it to your requested location.

## Selling Agricultural Based Products(Flipkart,instagram,webpage)

We sell agriculture based products such as egg incubator, cocopeat, vermicompost, Grow Bags , jute bags in big ecommerce platforms such as Flipkart and our own platform -villagefoods.store.

## Hiring Farmers,Public Events

We conduct various public events to create awareness among the public and we hire farmers and train them as well

## Manvaasam courier services

To connect small villages we started our courier services by partnering with St courier, Professional courier and mettur services. Anyone can join with us to start their branch office at your village. We delivered almost 300+ all over India and the customer can track the status at our website.

## Training Activities

We provide technical training to students at minimum cost via online mode/offline mode.

Our Services in this area:-

- 1.Demo interview
- 2.Online Training Courses (Free /paid)
- 3.Webinars (Free /paid)
- 4.Paid workshops
- 5.Community Services (Free /paid)
- 6.Internship

### Demo Interview

To overcome fear of attending interviews , we conduct these demo mock interviews and help students to crack the interviews. Students need to book our demo interview at manvaasam webpage. A working professional will conduct this interview via google meet and feedback will be shared on the same call

### Online Training Courses (Free /paid)

We conduct various training courses online to improve the students' skills. These training courses are conducted by experts on their respective courses and we provide respective students login

### Webinars (Free /paid)

We conduct various online webinars such as Covid awareness, HR meet,interview competition,online debates etc

### Paid workshops

We conduct some of the webinars at schools and colleges , few of the workshops include Safe Internet day at saveetha Engineering college,Chennai and Career guidance at bharathidasan engineering college,Natrampalli

## Community Services (Free /paid)

We created a manvaasam community to reduce the gap between working professionals and studying students. Manvaasam community is nothing but a group where one can ask questions and someone can answer for that. These are the few of the services available at Manvaasam Community

FREE:-

(Question of the day ,Daily assessment,weekly connect)

PAID:-

(Question of the day,Daily assessment,Weekly connect, communication improvement,1:1 mentorship,Demo interview,Resume Preparation,linkedin Profile building)

## Internship

We provide a 6 month internship on web page development and mobile application development. Students will get the full experience of working with manvaasam employees

## Technical Activities

We create softwares (Website,Mobile application,etc) to solve social & business problems

Our Services in this area:-

- 1.Webpage and mobile development
- 2.creating innovative machines(Plastic recycling etc)
- 3.Provide security to organization
- 4.logo/poster/video Creation

## Webpage and mobile development

We create web pages and mobile applications for clients based on the requirements. We have successfully completed 5+ websites

## Creating innovative machines(Plastic recycling etc)

We are working on research and innovative things related to agriculture .One of the recent research includes manufacturing of plastic recycling plant and making it as a small scale industry

## Provide security to organization

We provide security services to the organization.our services include performing pentest on their websites and performing few attacks on the organization with proper approval from them, We provide a pen test report after testing and help the developers team to resolve the issue

## Logo/poster/video Creation

We create attractive logos , poster and video for the Organization and one of our clients include village foods.store

## Our Gallery

**Paper Bags**

**Project Jack Sparrow**

**Gardening Setup**

**Birthday Plants**

**Competitions**

**Demo Interview**

**Workshops**

**Trainings**

**Agricultural products**

Manvaasam is dedicated to the development of farming, environmental protection and environmental improvements which will strengthen sustainable future and lead towards social and economic improvements of the social communities at national level. In order to achieve this MANVAASAM is committed to work in different range of projects. Manvaasam is trying to change and develop our society in a step by step process. We are delighted to say that we have active volunteers all over the TamilNadu.

MANVAASAM  
SEEDS OF HOPE
